

Silent Gliss

ROMAN BLINDS

Elegance and functionality

Roman blinds are an elegant, decorative shading solution. We match this classic look with our high-quality components to deliver systems that operate effortlessly.

Motorised or manually operated, when combined with our tested, flame retardant fabrics, you are assured of a roman blind of the highest quality.

TEXTILE AMBIENCE

By bringing together the highest quality technology with beautiful fabrics you are assured of a blind that makes a design statement.

The Collection by Silent Gliss presents a range of fabrics, from sheer to blackout including remarkable textures. All are tested, and flame retardant to deliver blinds that are as functional as they are beautiful.

DISCREET AND PRACTICAL

The slim headbox in white or black discreetly conceals the technical components behind an elegant cover.

Silent Gliss have developed a unique mechanism that allows the fabric to be easily detached and reattached for washing.

SMART CONNECTED

Explore our range of motorised roman blinds which seamlessly integrate into world's leading building automation systems.

Alternatively, our Move app offers intuitive control. Individual systems or groups can be easily configured and controlled via a mobile device.

SUSTAINABLE

Silent Gliss products are manufactured within an environmentally friendly, safe and socially responsible framework. We strive for sustainable growth through the harmonisation of economical, ecological and social factors.

MOTORISED OPERATION

Silent Gliss motorised roman blinds can be conveniently operated using remote controls, wall switches and the Move app. Their unparalleled, smooth movement ensures a seamless and elegant experience.

For hassle-free Installation without the need for wiring to a window, choose our battery operated roman blind – the perfect retrofit solution.

Our Smart motors and Gateway seamlessly integrate blinds into the world's leading building automation systems.

MANUAL OPERATION

Our chain- and cord-operated roman blinds offer smooth and effortless operation, even at larger sizes.

The system SG 2305 has an innovative solution to child safety. A powerful magnetic endset separates from the headrail when a weight of 6kg or above is applied to the chain.

Motorisation enhances convenience and control.

Fabrics – beyond decoration

The Silent Gliss Collection sets itself apart by considering both the fabric's texture and technical features. We offer a wide range of styles and colours that balance function and design across all of our window treatment systems.

We include fabrics with special functions such as acoustic performance, superior light management, antimicrobial and environmental considerations. All of our fabrics are flame retardant and have been extensively tested on our systems to ensure consistent hanging behaviour.

Check out the Silent Gliss online fabric finder.

Our exclusive Colorama fabric available in 30 colours and washable up to 72°

Textured fabrics which closely resemble natural fibres but are flame retardant

Dimout fabrics for room darkening

Colorama Multicolour woven with multicolour yarn for attenuated colour and texture

Technical summary roman blinds

SYSTEM REFERENCE	SIZE LIMITATIONS	BLIND OPERATION	USEFUL INFORMATION
SG 2210	Max width: 3 m Max drop: 3 m Max weight: 2 kg	Chain 	<ul style="list-style-type: none"> – Easy washing / changing of the fabric – Gear ratio 1:1
SG 2320	Max width: 3 m Max drop: 3 m Max weight: 2.5 kg	Chain 	<ul style="list-style-type: none"> – Enclosed headrail – Quick cord release and re-fixing for easy fabric removal – Gear ratio 1:1
